

“THE STORY OF PLASTIC” Pre- Release Film Screening and Panel

Friday, February 21, 2020

6:15 to 9:00pm

Doors open 6:00 pm

St. John’s UU Church, 320 Resor Ave,
Cincinnati, OH 45220

THE STORY OF PLASTIC presents a cohesive timeline of how we got to our current global plastic pollution crisis and how the oil and gas industry has successfully manipulated the narrative around it. This film introduces audiences to the heroes and the villains behind one of the world's most pressing environmental issues, from the extraction of fossil fuels to plastic disposal and the global resistance fighting back

As cities like Cincinnati, numerous states, and entire countries act to reduce single use plastic, global petrochemical companies are planning to build twenty five petrochemical and plastic facilities in the Ohio River Valley.

Join us for a discussion on how industry plans will put our drinking water at risk. We will explore ways our community can work together to address these problems.

Your RSVP is greatly appreciated bit.ly/Storyplastic
